April 7th, 2022

ANNOUNCEMENT

The Inuvik District Education Authority is pleased to announce the reopening of gym facilities at East Three Elementary and East Three Secondary. The gymnasium will be open exclusively to classroom bubbles for the remainder of the academic year.

This decision is the result of the recent changes to public health orders announced by Office of the Chief Public Health Officer made on April 1st, 2022. We look forward to supporting the mental health and wellbeing of all students by providing opportunities to engage in extra curricular activities.

The Inuvik District Education Authority will announce a call out for extracurricular gym use for the public in the upcoming fall and looks forward to resuming regular activities within the school gym facilities.
